THE TREATMENT ROOM

'Time for you'

WHAT TO EXPECT

Please arrive 5 minutes before your treatment time where your therapist (Emily or Lisa) will meet you in the treatment room. A consultation will be included within your treatment time.

KEEPING YOU COVID SAFE

Before the treatment:

We ask that all clients please bring their mask with them to wear throughout their treatment, unless exempt.

UPON ARRIVAL

Hand sanitiser is positioned outside the treatment room. Please use before entering.

Please complete a medical history form while the therapist washes her hands and further prepares the room. Please be assured we disinfect all equipment between clients.

THE THERAPIST

Your therapist will wear a mask throughout your treatment. For manicures we have an additional sneeze screen in place.

AFTER THE TREATMENT

Following all treatments the room will have a min 30 minute break for cleaning and airing. Anything that has been handled will be cleaned and disinfected including door handles, the toilet and sink.

The couch will be given close attention especially around the face hole. Fresh towels will be placed out ready and couch roll replaced.

All manicure equipment will be disinfected, along with the table and the gel lamp cleaned.

Our therapist/s will ensure that their hands are washed thoroughly after cleaning the room and before setting out fresh towels etc.

Aromatherapy Massage

Aromatherapy is the use of aromatic oils extracted from plants as a form of natural healing. Each of these oils has its own unique therapeutic properties both physical and psychological. An aromatherapy treatment consists of a gentle massage using blend of oils mixed to suit your specific needs at the time of your appointment. This is a particularly gentle massage and perfect for unwinding and relaxing.

Indian Head Massage

This scalp massage includes the neck, shoulders arms, hands and finishing with the scalp. It can be carried out fully clothed and in a seated position or lying down on the couch using oil on the upper body for deep relaxation. It is a surprisingly powerful treatment which can induce deep sleep often followed by increased energy levels.

30 mins £35

Reflexology (Lisa)

Reflexology treats the whole body by stimulating reflex points on the feet. Pressure to these reflexes can stimulate the nerves that supply the body and also improve the circulation.

Ending with a foot massage, it is a very relaxing treatment which will also help to relieve stress and tension.
